Gods power and promises

Today we learn that God helped Joshua and the tribe of Israel cross the river Jordan safely by showing His power and how we should remember His promises to us.

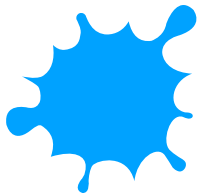

Can you name as many different ways to cross a river?
Search for images of the River Jordan flooded. Why would it have been difficult to cross?

Read the story of Crossing the River Jordan
Joshua 3 & 4 (or you can watch the video below)

1. What did God tell Joshua to do to cross the river?
2. How did God show his power?
3. How would you have felt crossing the river?
4. What did God tell them to do to remember what He had done?
5. What can you do to help remember Gods Promises to us?

Make something to remind yourself of the story. You could paint a picture of the Israelites crossing the river or build it with lego. You could build something using 12 stones you find on the beach or in your garden. Send us a photo and we can share it on Facebook.

Thank God for His promises:
He loves us forever, He is our Helper, He is always with us, He never changes, He is our safe place, He gives us comfort, His love and promises never fail.
