

# Shine

You are the light of the world. A city that is set on a hill cannot be hid. Neither do people light a lamp and put it under a bushel, Instead they put it on its stand, and it gives light to everyone in the house. Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven." Matthew 5 -14-16

Light shines in the darkness and can help us to navigate our way, see where we are going, give us guidance and show us the way. The power of light comes from God, and God has placed his light within all of us. God calls us to shine that light for ourselves and for all the world to see, so that we may know we are God's children. Our lives can be like a light, showing others the way to Jesus. We don't let our light shine so others will say good things about us, we let our light shine so others will glorify God. We can shine the light and the love of Jesus through our actions. Jesus wants you to bring hope, courage, and joy to people

How can we get this light?

How can we strengthen it?

How can we let our light shine in our families, at school and with our friends?

Go outside and look at the stars shining in the sky on a clear night. Think how you can shine just like those stars, so the whole world can see the love of Jesus through you.

**Dear God, Help us to be like bright lights shining the  
love of Jesus for all to see.**

**Amen**
